INDEPENDENT AUDITOR'S REPORT

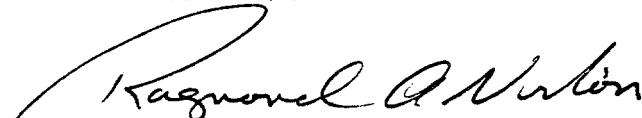

To the Board of Directors
YSC Global Securities, Inc.

I have audited the accompanying statement of financial condition of YSC Global Securities, Inc. (an S Corporation) as of December 31, 2001, and the related statements of income, changes in shareholder's equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of YSC Global Securities, Inc. as of December 31, 2001, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

My audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on page 8 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied to my audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

YSC Global Securities, Inc. (the "Company"), a Delaware corporation organized on July 5, 1994, is a registered broker-dealer with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc. (NASD). The Company provides global securities execution to institutional clients located in the United States.

Revenue Recognition

Commission revenues are recognized when earned on a trade-date basis.

Property and Equipment

Property and equipment are stated at cost. Depreciation was provided on accelerated methods over the estimated useful lives of the assets.

Income Taxes

The Company, with the consent of its shareholder, has elected under the Internal Revenue Code and applicable state law, to be taxed as an "S" corporation. In lieu of corporate income taxes, the shareholder is taxed on the Company's taxable income. The Company is subject to local taxation and pays a minimum state tax.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates and assumptions.

NET CAPITAL REQUIREMENT

As a regulated broker-dealer and member of the NASD, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1 (rule), which requires that net capital, as defined, be at least the greater of \$5,000 or 6 2/3% of aggregate indebtedness, as defined. The rule prohibits the Company from distributing equity capital or paying cash dividends if its resulting net capital is less than one-tenth of aggregate indebtedness or 120% of the minimum dollar amount required, whichever is greater. Net capital and aggregate indebtedness change from day to day, but at December 31, 2001, the Company had net capital of \$9,262 which exceeded its requirement of \$5,000 by \$4,262. Aggregate indebtedness was \$1,172.

YSC Global Securities, Inc.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5**

To the Board of Directors of
YSC Global Securities, Inc.

In planning and performing my audit of the financial statements and supplemental schedule of YSC Global Securities, Inc. (the "Company") for the year ended December 31, 2001, I considered its internal control in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of the such practices and procedures that I considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodian functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

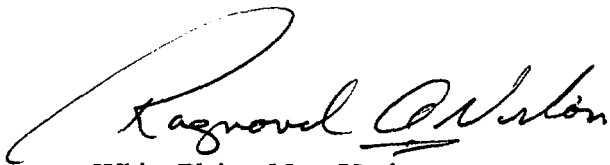

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5
(Continued)

Because of the inherent limitations in internal control or the practices and procedures referred to above, fraud may occur and not be detected. Also, projections of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operations may deteriorate.

My consideration of internal control would not necessarily disclose all matters of internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within in a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving internal control that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred above are considered by the SEC to be adequate for it's purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that the practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2001 to meet the SEC's objectives.

This report is intended solely for the use of management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

White Plains, New York
